

## Smarter Advertising Strategies by SpectrumBPO – Your Growth Partner

In today's highly competitive digital marketplace, running ads without a data-driven strategy often leads to wasted budgets and missed growth opportunities. This is where **SpectrumBPO Ecommerce Growth Agency in Richardson** steps in, helping businesses transform their advertising approach into a scalable, profitable growth engine.

### Case Study: From Struggling Startup to Sustainable Growth

#### The Challenge

A mid-sized home décor brand approached SpectrumBPO with a common problem: despite spending thousands on ads each month, they weren't seeing consistent returns. Their campaigns lacked structure, keyword targeting was random, and there was little insight into what was actually driving conversions.

The brand needed a smarter strategy – one that could optimize their ad spend while boosting visibility across competitive marketplaces like Amazon.

#### The Solution

SpectrumBPO's expert team performed a complete audit of the client's ad accounts. By leveraging advanced analytics, competitor insights, and deep keyword research, they were able to:

- Re-structure campaigns for better targeting and control.
- Optimize product listings to align with high-converting search terms.
- Introduce A/B testing for creatives and copy.
- Implement budget reallocation towards top-performing campaigns.

The brand also benefited from SpectrumBPO's role as an [amazon advertising agency](#), where their specialists applied marketplace-specific strategies that directly addressed the brand's challenges.

#### The Results

Within just 90 days, the company saw:

- **42% increase** in overall ad-attributed sales.
- **35% improvement** in return on ad spend (ROAS).
- Reduced wasted spend by cutting irrelevant keyword targeting.

- Significant brand visibility improvements in their niche category.

These results weren't just about better ads – they came from aligning smarter strategies with the client's growth goals.
